3. Discussion:
 - a. Ideas for how to support and involve families this school year
 - b. Ideas for promoting and reaching new families to Collier

Discussion Notes: We are working hard to help families feel involved in the Collier Community and bring people back in after the Covid 19 Pandemic. We are always looking for ways to help recruit new families and to retain the families we have as our enrollment is low.

Ideas presented:

- *We need to get our name out to the public somehow.*
- *Market our school as small class sizes.*
- *Market our school as a small community that cares for each other,*
- *Write letters to the Arizona Daily Star in hopes of publishing information about our school and to get our name outside of our area.*
- *Have parents add more reviews on Great Schools and other websites that discuss schools when people are looking to purchase homes in the area.*
- *Market our OMA Gold Status*
- *Market our Exceptional Education program*
- *Make more videos around the school to share on social media.*
- *Offer New types of events that might reach families that have not yet gotten involved.*
- *Offer and explain ways parents can volunteer and what is needed throughout the day or at events*

- *Explain what it means to be a PTA member to eliminate the fear of being on the PTA.*
- *Offer a craft night where parents can make Valentine boxes or other items while having a PTA meeting.*
- *Ask parents and families to talk up our school to their extended friends and family.*
- *Get advertisement up at the corners of Bear Canyon/Tanque Verde and Catalina Highway/Tanque Verde*
